

Community Forum: Let Your Voice Be Heard!

Contribution to Cost of Supports and Services for People who Receive Residential Services through the Waiver

People with intellectual and developmental disabilities and their families, advocates, and other stakeholders are invited to a community forum.

We will discuss DDA's plans to:

- Implement the Budget Support Act's requirement that people who receive supports from DDA are or become Medicaid eligible, if they are able to do so.
- Require that people who receive residential services through the HCBS IDD waiver contribute to the costs of their supports and services, if they can afford it.

Please come and share your thoughts and ideas.
