IV. Summary and next steps
Founded in 1986, GCS, Inc. initially provided general construction services including maintenance, repair, carpentry, demolition, and concrete services.

SIGAL Construction Corporation began providing construction services in the Washington, DC area in 1977.

In 2018 SIGAL returned to DC to officially join GCS, forming GCS | SIGAL, combining the strengths of the two companies into a single team.

GCS | SIGAL is a Certified Business Enterprise (CBE) in Washington, DC, and is a Longtime Resident Business and Resident-Owned Business.
GCS | SIGAL

GCS | SIGAL is committed to sustainably building and supporting programs that reduce our company’s environmental impact.

We seek to continually improve our environmental performance as an integral part of our business strategy and share the District’s goal of becoming the healthiest, greenest, and most livable city in the United States.

GCS | SIGAL

As a Longtime and Resident Owned Certified Business, GCS |SIGAL continues to be a strong advocate for the CBE program in the District.

We recognize the challenges posed for small and local businesses seeking the opportunity to participate on building projects, and we continue to add new CBE companies to our network with each project.

We are proud to have met or exceeded our CBE participation goals on every project.

- DC Zoning Commission (ZC)

COMMUNITY ENGAGEMENT & PARTICIPATION
All of our projects incorporate community engagement which builds understanding, consensus and informs the design. Our extensive experience and success in outreach is founded upon employing outreach tactics such as site tours, small stakeholder meetings, open houses and workshop charrettes in an outreach strategy tailored to each project’s needs.

- Establishing a sustained presence.
- Building community dialogue.
- Raising public awareness
- Group discussions to draw out ideas
- Press, websites, mailers/postcards, email, twitter, blogs, Facebook
