I. Non-Consent Agenda	2
II. Approved Recommendations	4
III. Expired or Otherwise Incorporated Recommendations	15

I. Non-Consent Agenda

Committee on Allied Health Care Professionals and Workforce Development			
Recommendation	Agenda	Page	Notes and Co-Chair Comments
4. Target provider retention by creating programs that offer incentives beyond loan repayment, such as: home buying support, rental assistance, malpractice insurance assistance, childcare benefits, and education benefits.	Non-Consent	p. 102	The Committee recommends that this be incorporated into: Recommendation #1 from the Committee on Equitable Geographic Distribution of Acute, Urgent, and Specialty Care: “Provide increased loan repayment/incentives to recruit and retain primary care and designated specialty care providers in Health Professional Shortage Areas (HPSAs) and Medically Underserved Areas (MUAs).”
6. Promote the delivery of team-based, multi-modality clinical care by conducting a review of, update as needed, and educate providers on scope of practice regulations to ensure providers can practice to the top of their training and deliver state-of-the-art medicine (e.g. telehealth, robotics, etc.).	Non-Consent	p. 107	The Committee recommends that this be permanently tabled and that it be considered as one of the tasks of the Center for Healthcare Workforce Analysis, established per this Committee’s Recommendation #9
7. Pilot a zone-based population health management structure with zone health managers who jointly represent the zone's providers and are responsible for the health of the populations in their zones.	Non-Consent	p. 109	This Committee recommends that this be permanently tabled.
8. Ensure VBP initiatives calculate the actual costs of and include sufficient reimbursement to support non-clinical patient care positions, such as care coordinators, discharge planners, community health workers, etc.	Non-Consent	p. 111	Updated language proposed.
10. ¹ Expand pool and targeted recruitment of multi-lingual DC residents into health careers by:	Non-consent	N/A	The Committee recommends that this be permanently tabled and that it be considered as one of the tasks of the

¹ Unintentionally omitted from draft report.

<ul style="list-style-type: none"> a. Establishing a Welcome Back Center to assist foreign-trained health care workers to transition into health care careers (clinical or non-clinical) in the US and provide targeted training programs (e.g. Insituto del Progreso Latino) for foreign-born/ESL residents. b. Expanding bilingual education to DCPS schools across DC. 			<p>Center for Healthcare Workforce Analysis, established per this Committee's Recommendation #9</p>

II. Approved Recommendations²

Committee on the Equitable Geographic Distribution of Acute, Urgent, and Specialty Care		
Recommendation	Page	Status
1. Provide increased loan repayment/incentives to recruit and retain primary care and designated specialty providers, as well as non-clinical staff , in Health Professional Shortage Areas (HPSAs) and Medically Underserved Areas (MUAs).	p. 20	APPROVED Additional language pending approval for integration of Recommendation #4 from the Committee on Allied Health Care Professionals and Workforce Development
2. Facilitate health system integration by providing legal and regulatory technical assistance to providers who wish to develop clinically integrated networks (CINs), Accountable Care Organizations (ACOs), and Independent Physician Associations.	p. 22	APPROVED
3. Adjust the closure date of United Medical Center (UMC) to align UMC’s operations with the opening date for a new hospital, to allow for sufficient overlap with the new hospital. This includes ensuring smooth transition for the residents of the skilled nursing facility at UMC.	p. 24	APPROVED
4. Develop a work plan for the successful transition of the new hospital, which should include an integrated health system located throughout Wards 7 and 8, for calendar years 2020-2023. Develop a work plan for the success of a new hospital at St. Elizabeths, which should include the establishment of an integrated health system for all Washingtonians, with an emphasis on the East End. The Committee recommended the following components of the above-recommended	p. 26	APPROVED, as amended

² Additional background and other language from the report may be incorporated, as needed.

<p>work plan:</p> <ul style="list-style-type: none"> • Strong encouragement for the health system and the hospital to accept of all public insurances. • Ways that a new health system will address prenatal and delivery needs for women on the East End. • Shared planning and community input as plans for the new hospital are made, so that a network and trust is created upon its opening. • A communications plan to explain to the community the type and level of services to be provided at the new hospital and corresponding ambulatory and urgent care facilities that are established as part of the District's partnership. • A strategy to engage with the current providers in the medical office building of UMC, as well as other relevant provider, regarding information about opportunities at the new location. 		
<p>5. Pilot a city-wide model, with a focus on Wards 7 and 8, to better connect prenatal care, currently provided in Wards 7 and 8, to the labor and delivery options in other parts of the city – through peer support networks, co-management, access to maternal and fetal medicine specialty, improvement in health information exchange, and assistance with transportation.</p>	<p>p. 31</p>	<p>APPROVED with incorporation of Recommendation #3 from the Committee on Access to Critical and Urgent Care Services and a change to city-wide model with an emphasis on Wards 7 and 8</p>
<p>7. Maintain the obligation that requires financial resources received from the redevelopment of Reservation 13 be used for initiatives focused on the uninsured and addressing health care inequities.</p>	<p>p. 33</p>	<p>APPROVED</p>
<p>8. Develop a shared, central repository of emergency department (ED) and urgent care access data to promote understanding of changes in patient use of ED, urgent, and primary care services over time.</p>	<p>p. 35</p>	<p>APPROVED</p>
<p>9. Train the Provide appropriate training</p>	<p>p. 37</p>	<p>APPROVED with request for staff to</p>

<p>and skill development to students in the Summer Youth Employment Program (SYEP) students to be to facilitate their employment in peer-to-peer health education and support. community, peer, and family health educators.</p>		incorporate the intent that students be appropriately trained and skilled at providing peer to peer health education and support
<p>10. Use existing certificate of need (CON) fees to support State Health Planning and Development Agency’s (SHPDA) CON responsibilities, and utilize recurring local funds for modernization, innovation, and special projects to meet the needs of medically underserved areas, as well as to develop the health systems plan.</p>	p. 39	APPROVED

Committee on Emergency Room Overcrowding & General Reliance on Inpatient Hospital Care		
Recommendation	Page	Status
<p>1. Develop a citywide, broad-based community public relations campaign regarding available health resources in the District, including how to access these medical services, along with the proper use of 911.</p>	p. 41	APPROVED
<p>2. Convene governmental and non-governmental partners to build on the initial successes of the Fire and Emergency Medical Services (FEMS) “Right Care, Right Now” Nurse Triage Line program, with the goal of diverting an additional 15% of calls that are non-emergent.</p>	p. 44	APPROVED
<p>3. Evaluate other models of care to meet the demand of medical services requested in the field – such as the federal Emergency Triage, Treat, and Transport (ET3) Medicare model, community paramedicine responders, and community health workers – with the goal of directing individuals to the right level of care, and reducing the</p>	p. 46	APPROVED

overutilization of the resources of emergency departments and FEMS.		
5. Implement the National Emergency Department Overcrowding Score (NEDOCS) in all acute care hospitals, as a validated tool to assist FEMS in adequate level loading of emergent transfers and surge management within the facilities. Implementing surge management protocols, during periods of overcrowding, should not result in penalties or further scrutiny to the healthcare facility.	p. 49	APPROVED
7. Use telehealth to provide initial consultations, pre-arrival assessments, and follow-up care to promote appropriate care intervention in a timely fashion. Incentives and regulatory constraints should be assessed to entice participation by providers and patients. A successful model should include telehealth reimbursement rates that meet the market rate/cost of the service.	p. 52	APPROVED
9. Engage in a comprehensive process to address the specialized needs and challenges presented by justice-involved individuals, with the goal of treating these patients safely in appropriate care settings, e.g., the Central Cell Block or other Department of Corrections facilities. This effort should include a focus on the safety of first responder and other health care workers, as well as reducing costs associated with such treatment.	p. 55	APPROVED
10. Develop incentives for use of the appropriate level of care primary care , and disincentives for use of emergency departments, for non-emergency issues.	p. 57	APPROVED, as amended
11. Support mandated Encourage and promote enrollment in comprehensive case management of for all participants in publicly-funded healthcare.	p. 59	APPROVED, as amended

Committee on Discharge Planning and Transitions of Care

Recommendation	Page	Status
<p>1. Place a DC Medicaid eligibility staff member onsite at certain qualified providers, such as hospitals or skilled nursing facilities (SNFs). This practice will allow care management departments to obtain eligibility decisions more quickly, thereby reducing delays in discharges, turning over patient beds for new admissions, and moving patients efficiently. The Medicaid specialist will serve as a liaison between the DC Medicaid office and member hospitals. Qualified providers will be required to share in the cost of an onsite specialist.</p>	p. 60	APPROVED
<p>2. Approve a retrospective review process (as opposed to prospective) to improve the efficiency of approvals and transfers of patients. Develop acceptable pre-admission criteria, in cooperation with medical providers, which will expedite the process of transitioning some of the Districts most medically complex patients to the correct level of care.</p>	p. 62	APPROVED
<p>3. Expand the availability and support for medical respite facilities by reviewing and updating the regulatory requirements, which may create barriers to additional medical respite options.</p> <ul style="list-style-type: none"> a. Recommend a State Plan Amendment to provide for Medicaid coverage to finance medical respite care services generally, rather than relying disproportionately on local grants. b. Adopt standards for defining medical respite programs such as those from the National Health Care for the Homeless Council. c. Develop regulations to address qualifications and standards for medical respite providers. Services should be defined in 	p. 64	APPROVED

<p>accordance with the licensed professionals who provide them. Qualifications on admissions and discharges shall be clarified.</p> <p>d. Amend the D.C. Law 22-65 “Homeless Services Reform Amendment Act of 2017” to exempt Certificate of Need (CON) requirements for a medical respite provider of services. The exemption should include a clear definition of the services in question to distinguish them from covered services.</p> <p>e. Amend the Health-Care and Community Residence Facility, Hospice and Home Care Licensure Act of 1983, D.C. Law 5-48 (“the Act”) to define a medical respite program as a health care facility under the Act and to outline the guidelines needed for the clients, staff and operation of the program. Amendment should address any exemptions that apply to providers.</p>		
<p>4. Reduce barriers to operating Advanced Life Support (ALS) and Basic Life Support (BLS) transports in the district through examining licensure and regulatory obstacles.</p> <p>a. Temporarily or permanently standardize licensing regulations to harmonize within the DMV region, providing reciprocity to ALS and BLS providers licensed in Virginia and Maryland allowing them to be able to drop off AND pick up from DC based facilities.</p> <p>b. For a two-year period, temporarily provide an expedited CON process to approve additional (ALS/BLS) transportation providers.</p> <p>c. Conduct a review of the EMS regulations, last changed in 2003, reviewing and updating current</p>	<p>p. 69</p>	<p>APPROVED</p>

<p>practices to meet the needs of the District.</p> <p>d. Expand the quality reporting program to include more relevant measures such as transport refusals, delays, transport times, waiting times, and cash fee schedules for ambulance providers licensed to pick-up within the District. Require ambulance providers to identify the number of vehicles used within the District for non-FEMS services daily.</p>		
<p>5. Fund a pilot program with District skilled nursing and long-term acute care facilities in order to determine how telemedicine consultations might reduce unnecessary ED visits and 911 calls.</p>	p. 71	APPROVED
<p>6. Establish a telecourt for involuntary commitment and probable cause hearings, and consider providing District funding for all District providers, which care for FD-12 (involuntary) individuals, to have a secure platform to interface with the courts in all commitment and probable cause hearings.</p>	p. 73	APPROVED

Committee on Access to Critical and Urgent Care Services		
Recommendation	Page	Status
<p>1. Ensure there is a single, easily accessible citywide healthcare advice line, staffed by clinicians, to provide medical advice, health care system navigation, and appointment scheduling to all residents.</p>	p. 74	APPROVED
<p>2. Implement a health literacy campaign focused on when and how to access care.</p>	p. 76	APPROVED
<p>4. Conduct surveys and focus groups to understand resident’s healthcare decision-making priorities.</p>	p. 80	APPROVED

5. Share hospital discharge information in a timely manner. Recommend that the Mayor consider the final recommendations from the HIE Policy Board, which proposes to make available necessary patient information from the electronic medical record and the minimum data set that should be transmitted upon discharge, to improve transitions of care.	p. 81	APPROVED, as amended
6. Exchange electronic advance directive forms among providers.	p. 83	APPROVED
7. Incentivize the assessment and sharing of social determinants of health during a first prenatal visit.	p. 85	APPROVED
8. Increase the capacity of primary care providers to treat substance use disorders.	p. 87	APPROVED
9. Incentivize the establishment of new Comprehensive Psychiatric Emergency Programs.	p. 89	APPROVED
10. Open Sobering Centers.	p. 91	APPROVED
11. Increase the capacity of health clinics to provide urgent care services.	p. 93	APPROVED
12. Implement cultural competence and implicit bias training for clinicians.	p. 94	APPROVED

Committee on Allied Health Care Professionals and Workforce Development		
Recommendation	Page	Status
2. Establish a health careers training consortium to strategize around and guide health workforce training investments to: accelerate the expansion of training programs for position shortages (e.g., nurse, certified addiction counselor) and emerging (e.g., telehealth, data analytics) roles; expand early career education; recruit ESL residents; and	p. 98	APPROVED, as amended

<p>otherwise ensure training programs are responsive to resident and health system needs. , in the immediate, for roles that provide reimbursable services under DHCF's Behavioral Health 1115 Waiver (e.g. peer recovery specialists, social workers).</p>		
<p>5. Address barriers to standing up and/or relocating practices in DC. a. Provide incentives to attract and retain new providers and include options such as subsidies for malpractice insurance, tax incentives for office locations in economic improvement zones, and enhanced reimbursement or subsidized payment for providers in high need/low income geographic zones. b. Have the Department of Health conduct a quality improvement review of the licensure process to address delays in all aspects of clinical licensing, and develop and implement process improvement plans to reduce turnaround time. c. Explore participation in additional interstate licensure compacts and compact alternatives such as reciprocity agreements with neighboring states and address any barriers that prevent the Department of Health's implementation of the physician licensing compact. d. Research and invest in best practices on safety and security to address violence and security threats in and around health care settings.</p>	<p>p. 105</p>	<p>APPROVED, as amended</p>
<p>9. Strengthen systems to assess local workforce supply and demand, including training needs, through the Establishment of a center for health care workforce analysis to: <ul style="list-style-type: none"> • Provide recommendations on minimal data sets that should be collected through the licensure process; • Systematically gather, link, and </p>	<p>p. 111</p>	<p>APPROVED</p> <p><i>Incorporates changes from Recommendation #1 under Allied Health Care Professionals and Workforce Development</i></p>

<p>analyze national and local data on current and projected workforce supply and demand and training needs and publish information on current and projected workforce supply and demand; and</p> <ul style="list-style-type: none"> • Develop policy documents and recommendations for District agencies, Council, or funders (e.g., shortages to be addressed, emerging industries, data to be collected through the licensure process, common core skill sets, training resources needed, career pathways, etc.) • Link and analyze available data sets. 		
--	--	--

Committee on Value-Based Purchasing of Health Care Services		
Recommendation	Page	Status
<p>1. Engage the community for the road ahead.</p> <ul style="list-style-type: none"> a. Survey patients and caregivers about current behaviors and perspectives informing access to care choices. b. Share total cost of care information for specific populations by payer with all stakeholders. c. Engage patients and other key stakeholders (i.e., health care groups, payers, and government) in ongoing community dialogue about current value-based payment (VBP) and accountable care models and potential options for the District of Columbia. d. Conduct operational readiness assessments of all major health care groups for VBP. 	p. 117	APPROVED
<p>2. Expand quality measurement to capture more data on health system effectiveness and to inform care delivery, payment incentives, and population health.</p>	p. 119	APPROVED

<p>Measures should align with existing measures required by federal and other partners.</p> <ul style="list-style-type: none"> a. Refine the core measure set of health priorities. b. Engage health care groups to achieve multi-payer alignment. c. Adopt public reporting to disseminate performance on the core measurement set. 		
<p>3. Make key investments and policy changes to promote system integration for accountable care transformation.</p> <ul style="list-style-type: none"> a. Invest in practice transformation capacities. b. Ensure alignment and integration to enable accountability. 	p. 122	APPROVED
<p>4. Align payments with value-based care goals to move towards a risk-based model encouraging care coordination and health promotion.</p> <ul style="list-style-type: none"> a. Expand current value-based payment measures into other appropriate provider settings. b. Establish a Medicaid accountable care organization (ACO) certification. c. Adopt value-based payment models. 	p. 124	APPROVED

III. Expired or Incorporated Otherwise Recommendations

Committee on the Equitable Geographic Distribution of Acute, Urgent, and Specialty Care		
Recommendation	Page	Status
5. Facilitate integration of telehealth into medical practices.	p. 29	<p>Tabled in favor of Recommendation #7 from the Committee on Emergency Room Overcrowding & General Reliance on Inpatient Hospital Care; Recommendation #5 from the Committee on Discharge Planning and Transitions of Care; and Recommendation #6 from the Committee on Discharge Planning and Transitions to Care.</p> <p><i>As this recommendation is more general than those it was tabled in favor of, incorporation is not needed.</i></p>

Committee on Emergency Room Overcrowding & General Reliance on Inpatient Hospital Care			
Recommendation	Agenda	Page	Notes and Co-Chair Comments
4. Evaluate the regulations allowing facility-to-facility transfers to use FEMS resources via 911. Examples provided include long-term acute services calling 911 for transfers for scheduled routine procedures.	Non-Consent	p. 48	TABLED for incorporation into Recommendation #4 from the Committee on Discharge Planning and Transitions to Care
6. Evaluate and improve the throughput of patients from FEMS drop off and into emergency departments/hospitals, to make patient transfer of care more efficient. This process should include a review of regulatory requirements that apply to patients, who require an intermediate level of care that may not include hospital admission, as well as any regulatory changes that may relieve hospital constraints on the flow of patients.	Non-Consent	p. 51	TABLED for incorporation into Recommendation #4 from the Committee on Discharge Planning and Transitions to Care

<p>8. Expand and develop behavioral health services available to the community to divert patients from the hospital emergency departments.</p> <p>a. Establish Sobering Centers, as an alternative care site, for intoxicated individuals who do not require acute medical attention. This recommendation, if implemented in the short term, could have a significant, immediate impact on overuse of emergency resources.</p> <p>b. Endorse the Department of Behavioral Health proposal for a comprehensive waiver to redesign the Comprehensive Psychiatric Emergency Program.</p>	<p>Non-Consent</p>	<p>p. 53</p>	<p>TABLED in favor of integrating language from:</p> <p>Subsection (a) into Recommendation #10 from the Committee on Access to Critical and Urgent Care Services; and</p> <p>Subsection (b) into Recommendation #9 from the Committee on Access to Critical and Urgent Care Services</p>
